

Optilan Environmental Policy
Doc Ref: ZZC-AAG-01-05

OPTILAN ENVIRONMENTAL POLICY

Optilan is a Communications Company providing systems and services into a wide range of markets throughout the world. It is a small to medium sized business with the company headquarters in Coventry. This policy covers all aspects of our business.

Optilan is committed to operating and maintaining an environmental management system to meet the requirements of BS EN ISO 14001. We are committed to minimising Optilan's impact on the environment via a program of continual improvement in environmental performance and prevention of pollution.

Optilan shall take a proactive approach to environmental management by maintaining compliance with our legislative, other requirements and obligations for preventing pollution and protecting the environment. To achieve this Optilan will maintain a Register of Environmental Legislation and other applicable requirements and ensure all personnel understand their obligations.

Optilan endeavours to minimise the environmental impact of all of the company's activities. This is achieved through the setting and monitoring of environmental objectives and targets. We have identified our Environmental aspects and rated them in order of significance and we will proactively work to minimise the impact of these aspects on the Environment.

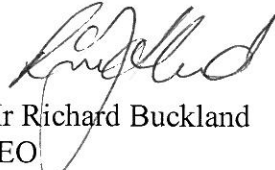

Optilan shall communicate this policy to all employees working for, or on behalf of the organisation and through training, ensure that all staff are aware of their responsibilities in achieving our environmental objectives.

Optilan further commit to extending their Environmental Management System to include suppliers and subcontractors through the Optilan Quality Assurance System.

Environmental audits will be carried out at regular intervals to ensure that both Optilan employees and sub-contractors are working to the Optilan Environmental Management System, Policy and Procedures.

Optilan's Environmental Policy shall be posted on the Optilan website, be on display throughout the Optilan offices and also be available on the Optilan IT network

Signed on behalf of Optilan Group

Mr Richard Buckland
